

GenomeConnect - Uploading Your Genetic Test Results

After logging in to your GenomeConnect account, click on “Add” under the testing results section. This will take you to a page where you add attachments to your account.

1.

2. Once on this page, under "attachment type" select "Genetic Test Results" and then click "Choose File." You can then select the file from your computer. Next, click “Upload” to upload your report to your account.

ADD ATTACHMENT

Please attach a copy of your genetic test report. You may attach multiple reports if you have had more than one genetic test. Your report will only be shared with trained GenomeConnect staff, unless you request otherwise.

To upload a genetic test report, select the Type, then click Browse to select a file from your computer. Click on the Upload button to add the record. The following file types can be attached: Acrobat (pdf), Microsoft Word (doc), Microsoft Excel (xls), JPEG Image (jpg).

Attachment Type

Choose a file to upload

The form shows a dropdown menu with 'Genetic Test Result' selected. Below it is a 'Choose File' button with the text 'no file selected'. Underneath, it says 'Max uploaded file size: 20MB'. At the bottom is a blue 'Upload' button.

Be sure to include all pages and all four corners of each page. If you have multiple documents for the same report, you can repeat this process to upload all of the files. Please note that the file should be a PDF, word document, or JPEG. Also be sure your file name(s) does not include any special characters.
